

„What's new? “
Our servicepoint in the morning

Parental
gathering
on Fridays

Children's
office is
open

We go hand in hand with parents

We're open daily from 7:00 to 15:00 o'clock.

Our service fees depend on the booked time-frame and have to be paid for 12 months. The lunch fee is charged for 11 months.

Our facility is closed maximal 30 days in a year. As usual 3 weeks are closed in August. Our crib offers a holiday care if needed.

Our bistro is open daily from 8:45 to 10:15 o'clock. The children bring their own healthy snacks and we provide the kids with drinks, vegetables and fruits.

Our crib-composite kitchen cooks daily fresh meals and delivers us.

Our profile

We see our children as their own designer of their education.

The goal of our partial opened and obliging upbringing is to strengthen their ability of independent organization and to build their own interests and opinions.

- Inclusive and participatory conception
- Intercultural pedagogy
- Kids-Conferences
- Project and portfolio work
- Daily-use-language education
- Literacy
- Close cooperation with the families
- Functional rooms

Inclusive „language crib“ Welcome

Our groups

We see ourselves as a multi-professional team, which is working tight with it's networking partners.

We collaborate continually with the elementary school, "Frühförderschule" and Speech Therapists.

To examine and proof our pedagogical education, we work on the basis of QM-guide.
Continuing education and trainings are naturally for us.

Our team gathered knowledge and qualification in: quality-management, language, inclusion, educational work, crib-education/development and parental support"

From 2011 to 2014 we took part on the federal program „Early Chances“ in focus on cribs „Language & Integration“ So, since 2015 we've the title „language crib“.

Our team

We want our kids to experience hope, confidence and trust in us and our facility, so they will success in their future life and dare something new and innovative.

„We live our Christian religion with the kids“, this means, we orientate on Christian holidays and the Christian year-circle.

It is also important to us, to teach the children to accept and understand religious diversity. We want to strengthen the religious identity of all children.

Yearly we celebrate the Christian holydays „Martinszug and Nikolausfeier“ but also Birthdays, saint's name day, "Fasching" and „Schulranztag“ at the end of the children's kindergarten period.
