Prot.No.53/2015/Frg/Ger.  
10/8/2015.

Dear Rev. Fr. Martin Bickl,

Prayerful greetings from the Diocese of Quilon!

It gives me great joy to write you a few words of appreciation and gratitude. Fr. Baiju Julian periodically brings to my notice the news from Eichenau. And I do pray for you and for the good people in your parish.

It is out of my concern for economically poor families and for their children in my diocese; I began this project of *Pradhibodhayam*- an educational project for the integral growth brilliant children in economically poor families. I feel so indebted to you for your generous help and support for this project. I know that since four years you have been sending financial help to me through the agency Missio-Munchen. This year too I have received the intimation from Fr. Baiju Julian that you have collected 5003,67 euro for this project of *Pradhibodayam*. I feel so obliged to express my sincere thanks to you and the good people who support me so genuinely.

I raise my heart to thank God for the marvelous things, He has accomplishes through my ministry as Bishop in the diocese of Quilon since fourteen years. The care and concern for the poor has inspired me to launch various charitable projects in my diocese and one of important projects was that of *Pradhibodayam*. I feel happy to see that hundreds of children from poor families are being helped through this project. Since good education is assured to these children through this project, the poor parents unceasingly thank God for the help they receive from this project. Naturally, the sentiments of gratitude of the people are directed towards
